

The Sculpture Place

Welcome to a new community venture based at Newhampton Arts Centre, Wolverhampton.

We have a light and spacious studio in the very attractive converted Victorian grammar school building.

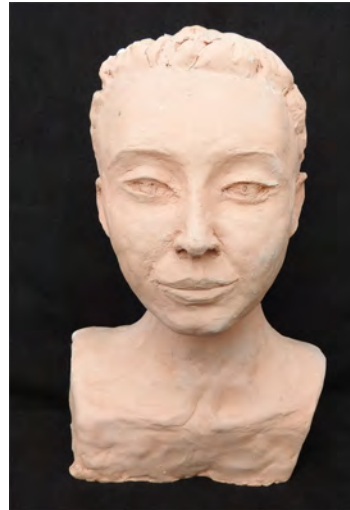

We will be running mainly figurative sculpture classes and workshops.

Classes will be small and suitable for all abilities from beginners to advanced.

Wednesday life-modelling class

Our Wednesday life-modelling class will be with a professional life model. It will start on 14th September and run for six weekly sessions at 9:30am – 12:30pm.

The classes will be led by Miranda Wakeman, a professional sculptor and qualified teacher who trained at Stafford College. Examples of her work are shown right and on the front cover.

Beginners and advanced students are welcome.

The course cost is £95: this covers all tuition and the first 10kg bag of clay. Additional clay is charged at £6 per bag.

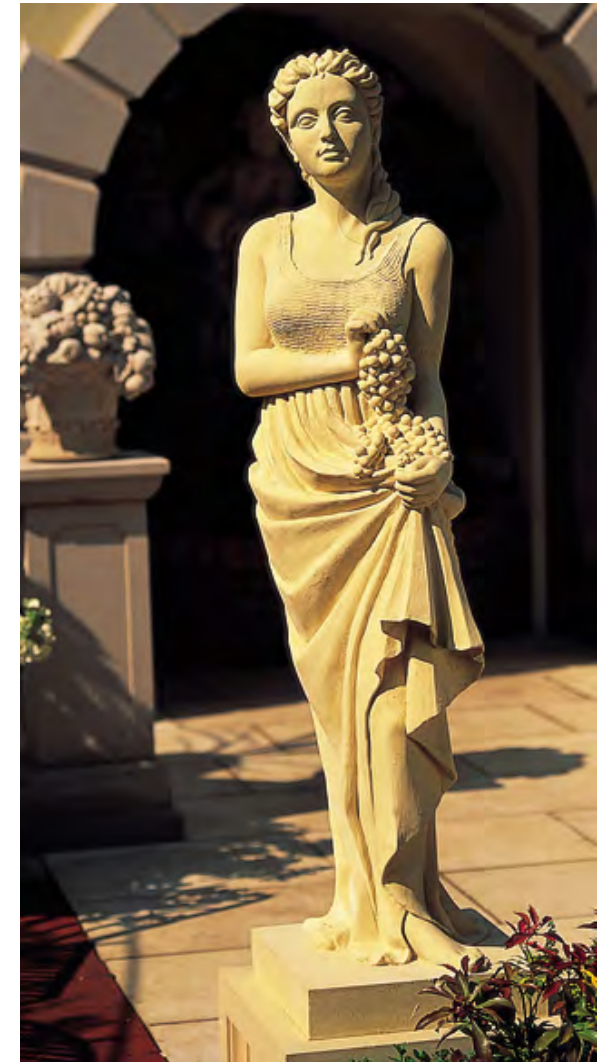

Be part of a sculpture group...

Untutored sessions with a professional life model will run on Thursday evenings, 7pm – 9 pm, starting on 15th September.

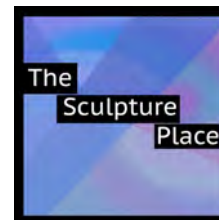

All levels are welcome and informal guidance is given to beginners.

The sculpture group costs £47 for six weeks, including the first bag of clay.
